

## The Big Read

Our website is still in progress. <http://www.alabamareads.org/>

What we really want to encourage all schools to do is contact and partner with their local public library. There are lots of reader/teacher guides available for schools, along with a companion CD, these are all downloadable from the NEA website. <http://www.neabigread.org/>

We also have set up a resource wiki for our library and school partners. Here librarians/English teachers will find easy programming ideas, resources, and links to full-text copy of *The Adventures of Tom Sawyer*. Along with press releases, etc. <http://bigreadresources.pbworks.com/>

Public libraries have been encouraged to contact their local schools to collaborate.

### **The main websites to highlight:**
