

1. Are your current resources adequate for 3-dimensional instruction?  
Elaborate.

2. What parts of 3-dimensional instruction are you already doing?

3. What parts of 3-dimensional instruction are you most uncomfortable/least accustomed to including in your instruction?

4. If time were not a factor, what parts of this type of lesson planning process would you say are most challenging?

5. What parts of this type of lesson planning process would you say come most naturally?

6. Knowing that assessment should be ongoing throughout the lesson, on a scale of 1 to 4, describe your comfort level with incorporating formative assessment across the 5Es.
