

Unpacking Our Standards into Learning Targets

King, D. (2014). Proceedings from *Alabama Math, Science and Technology Initiative: Enhancing School Improvement through a Professional Learning Community*. Birmingham, AL.

1.  **CIRCLE** all skills or verbs.
This is what students must do.
2. **UNDERLINE** anything that requires instruction – key concepts (nouns or noun phrases).
This is what students must know.
3.  **STAR** any performance skills.
You will intentionally watch and listen for this.
4.  **BOX** any components that need to be part of the final product.
