The Proposed Changes in Alabama’s ESEA Accountability Model

November 2014, Alabama’s Waiver Was Due To Expire; A Renewal Was Needed…

- The Alabama State Department of Education (ALSDE) reviewed feedback from stakeholders across the state.
- The ALSDE utilized methods found previously successful in soliciting feedback from stakeholders, improved some methods of feedback, and implemented new methods to solicit feedback from Alabama’s stakeholders.
- The ALSDE reviewed stakeholder feedback to assess and revise its approved ESEA Flexibility to reflect changes that best serve Alabama’s students in its ESEA Flexibility Renewal Request.
- Changes will have a positive impact towards Alabama’s PLAN 2020 goal to ensure every child graduates college- and career-ready.

April 15, 2015—The ALSDE Submitted Alabama’s ESEA Renewal Request

Annual Measurable Objective Reports (AMO Reports)

- An Annual Measurable Objective (AMO) Report will be developed for each school, district, and the state.
- The results of the school or district AMO Report will be the trigger for recognition and support for schools and districts.
- The AMO report will indicate if a school, district, and the state met or not met its target or goal for each indicator.
