### Group Problem Solving

1. Take the story information from outside the envelope and glue it here (DO NOT look at the question yet!):

2. In one or two sentences tell what the story is about.

3. List what you know from the problem here:  

4. List your question predictions here:

5. Take the question from the envelope and glue it here. Discuss with your group.

6. Solve the problem on the back of the sheet. Explain how you got your answer.
